COTTOD'ESTE

INSPIRED BY BEAUTY,  
DRIVEN BY A SINGLE GOAL:

TO OFFER THE BEST POSSIBLE  
CERAMIC PRODUCT

Passion, research, taste and attention to detail. Plus experience, technology, high-quality raw materials and innovation.

Over time, all these factors that have determined Cotto d'Este's success have been structured and consolidated into a real conceptual, productive and commercial method.

A system that has been tested and refined over 30 years of history and which has generated an entire family of brands centred around Cotto d'Este, each with its own personality, but united by a single key idea, both today and in the past: to offer the best possible ceramic product.

## BEAUTY THAT LASTS FOREVER

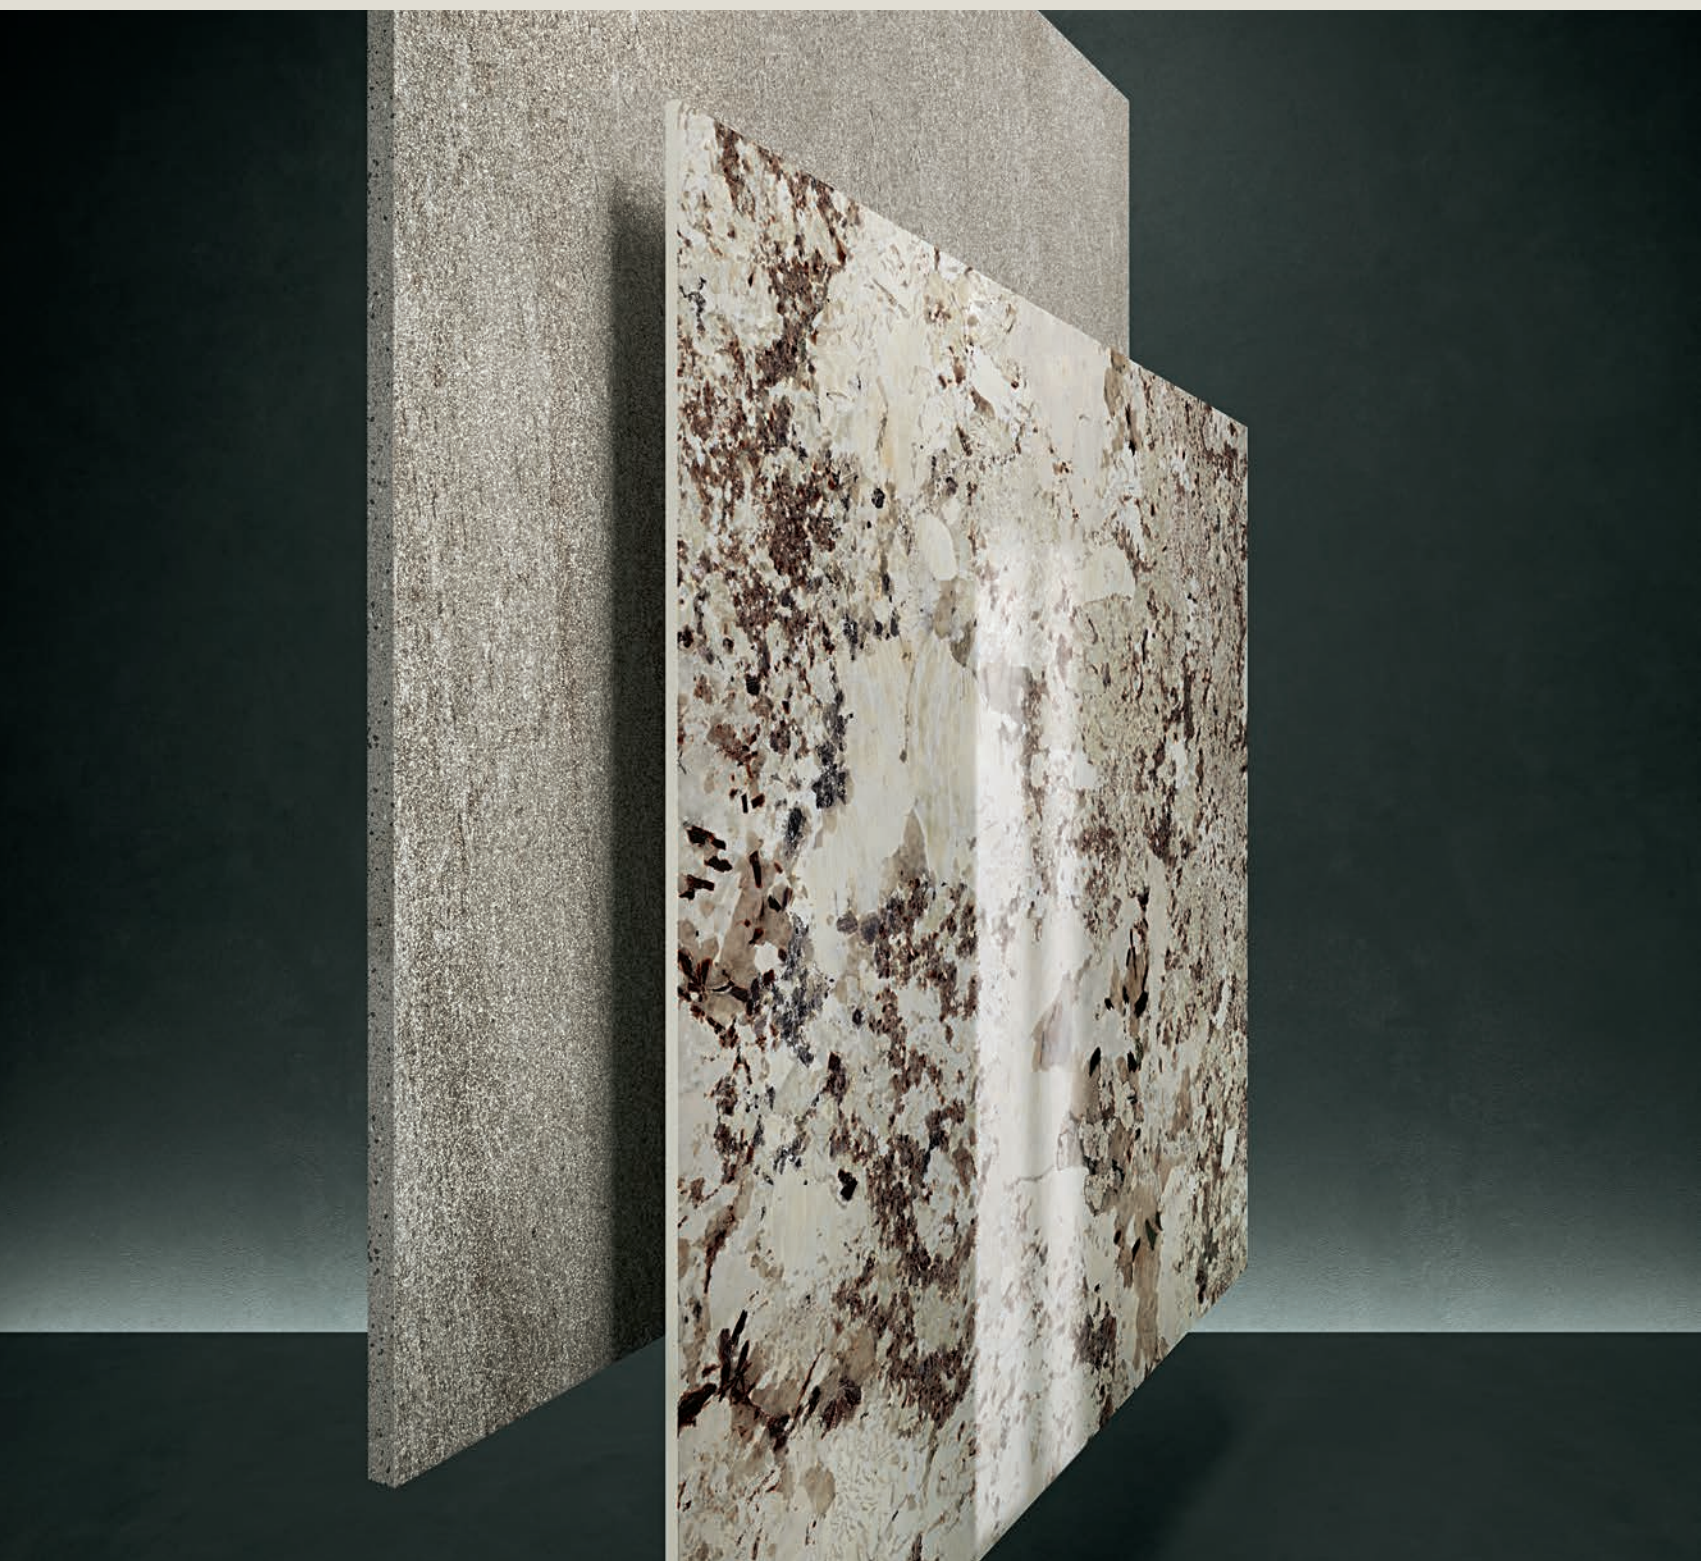

Harmonious, **meticulously detailed** surfaces with impressive technical and aesthetic properties: Cotto d'Este designs floor and wall coverings, not tiles. The company's mastery of production processes and **extensive research and development** take its products beyond all expectations, towards an aesthetic ideal that is always up-to-date, realized in collections that defy fashion, synonymous with beauty that continues to express itself over time.

## CHOOSING EXCELLENCE

Excellence is creating floor and wall coverings that are immediately recognisable because they are unique and special: extra-thick (14 mm) or ultra-slim (Kerlite) ceramic slabs.

This choice is a cornerstone of the brand, stemming from a desire to prioritise **aesthetic and technical excellence** above everything, without making any compromises. This is why Cotto d'Este continues to innovate, combining research and technology: to offer its customers something unique. **The best ceramic product possible.**

## A HISTORY OF INNOVATION

1993

**THE BEGINNING**  
Cotto d'Este is founded and introduces 14mm-thick tiles guaranteed 20 years.

1997

**LAPPATA SURFACE**  
Grestone range  
World premiere of honed-finish porcelain stoneware.

2001

**GLAZED PORCELAIN STONWARE**  
Teragres range  
First glazed porcelain stoneware ever made in ceramic industry.

2003

**SOFT SURFACE**  
Elegance range  
The first opalescent and semi-glossy surface finish.

2004

**KERLITE**  
Kerlite is born, the first large ultra-thin slab in 3 mm thickness.

2007

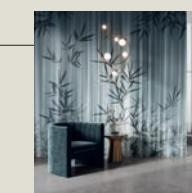

**DIGITAL DECORATION**  
Calacatta  
The first digitally decorated ceramic product.

2010

**ANTIBACTERIAL PROTECTION**  
Microban-Protect  
Introduction of the exclusive and integrated antimicrobial technology in the manufacturing process.

2012

**MARBLE IN LARGE KERLITE SLABS**  
Exedra range  
Kerlite Exedra, the first marble on large slabs, 100x300 cm.

2015

**KERLITE ART**  
Wonderwall range  
The first Kerlite 3 plus "wallpaper".

2018

**TOUCH SURFACE**  
Vanity range  
The first matte polished surface on ceramic slab.

2020

**KERLITE EASY**  
The first dry laying installation system without adhesives certified and patented with Kerlite Plus.

2021

**14 MM ULTRA-LARGE SIZES**  
Blend Stone range  
Limitless: the first extra-large format 14 mm thick porcelain stoneware, 120x120, 90x180 cm.

2022

**KERLITE 3PLUS GLOSSY**  
Starlight range  
Once again for first and unique in the world, Cotto d'Este presents the mirror polished surface on ultrathin large slabs Kerlite 3plus.

2022

**SAFETOUCH TECHNOLOGY**  
Pura range  
The only ceramic surface that combines the safety of maximum slip-resistance with a soft-touch surface.

## SLIM AND HIGH-QUALITY

Laminated porcelain stoneware reinforced with fibreglass

### A UNIQUE PRODUCTION PROCESS

Pressed with a stationary plate for over 60 seconds with a force of 27,000 tonnes.  
Perfectly uniform compaction and substrate with no internal fragility.  
Elastic and performing material, able to withstand cuts, punctures and laying on curved surfaces.

### EXTRAORDINARY ADDED RESISTANCE

Fibreglass reinforcement as standard across the range.  
Maximum resistance even with minimal thickness (up to 3.5 mm).

### THINK ZERO, MAXIMUM ENVIRONMENTAL SUSTAINABILITY

Total offsetting of CO<sub>2</sub> emissions.  
Reduced use of raw materials.  
Reduced consumption of water and energy.  
Reduced transport pollution.

### KERLITE EASY

The first dry laying installation system without adhesives certified and patented with Kerlite Plus.  
Thanks to the exclusive use of slabs reinforced with fibreglass, Kerlite Easy is more resistant than any other traditional installation system.

**14MM**  
COTTOD'ESTE

Extraordinary resistance and certified through  
the breaking load test ISO 10545-4.

## UNIQUE IN THE WORLD

Extra thick porcelain stoneware, more beautiful surfaces and three times more resistant

### WHY 14 MM THICK?

Thanks to its extra thickness, it can withstand a special production process that makes the performance of the final product unique.

A firing cycle at least twice as long as for standard-thickness materials.

A perfect mixing of raw materials and surface vitrification.

### UNRIVALLED AESTHETIC QUALITIES

Stunning colours and surface finishes with a unique shine.

Exceptionally flat even in large formats.

### MAXIMUM RESISTANCE

Three times more resistant to breaking load and impact than traditional stoneware (10 mm).

### AN ULTRA-COMPACT MATERIAL

Non-stick finishes for surfaces that are always easy to clean, non-absorbent and dirt-resistant.

Maximum resistance to scratches, abrasions, acids, and frost.

# PROTECT®

## A model of contemporary beauty

There is a beauty which, to be fully enjoyed, must be experienced every day. This is the beauty of the Blustyle collections: **complete, minimal, reliable and affordable** for contexts with a totally contemporary taste.

## **A style choice**

Blustyle condenses **Cotto d'Este's refined aesthetic sensitivity and considerable technical expertise** into standard-thickness ceramic products that combine the extraordinary beauty of the surfaces with the qualities of technically superior porcelain stoneware. An impeccable, rational and engaging style, combined with tangible value an authentic experience.

### **EXCLUSIVE AND ACCESSIBLE BEAUTY**

The best of Cotto d'Este's aesthetic style combined with the quality of a premium traditional porcelain stoneware.

### **HIGH PERFORMANCE PORCELAIN STONWARE**

Resistant to abrasions, impact, aggressive chemicals, dirt, stains, and frost.

### **QUALITY GUARANTEED**

High quality ceramic material, guaranteed up to 20 years.

### **ENVIRONMENTAL AND SOCIAL SUSTAINABILITY**

Blustyle's commitment to sustainability is guaranteed by Panariagroup's Sustainability Report, a document that is certified by a third party and published annually.

## THE HIGHEST RELIABILITY

All products come with a 20-year warranty

Cotto d'Este and Blustyle believe in the unique value of their surfaces, which harmoniously combine aesthetic perfection and technical qualities. They believe in this to such a degree that they guarantee all their products for up to 20 years after purchase. The reliability provided by superior production expertise is accompanied by many authoritative international certifications.
